

DATSUN/NISSAN Z CAR STAINLESS STEEL BOLT KITS

Z Car Creations' stainless bolt kits were created starting with a complete dismantling of a few S30 Z cars. Each bolt was removed and catalogued by quantity and location of use. This process was slow and tedious but the results are well worth the effort.

Stainless steel is an ideal material for the automotive environment and is now available for the Z!

OUR STAINLESS STEEL BOLT KITS CONTAIN **GRADE 18-8, TYPE 304 STAINLESS STEEL** METRIC FASTENERS.

ALL KITS ARE WELL ORGANIZED; FASTENERS ARE SEPARATED IN HEAT-SEALED BAGS AND APPROPRIATELY LABELED FOR EASE OF INSTALLATION.

THE APPROPRIATE FLAT WASHERS AND LOCK WASHERS ARE ALSO PROVIDED.

THIS PICTURE OF OUR INTERIOR KIT IS REPRESENTATIVE OF ALL KITS OFFERED.

OUR STAINLESS FASTENERS HAVE A NATURAL FINISH MUCH LIKE BRUSHED ALUMINUM.

NOTE: ALL S30 KITS WERE PUT TOGETHER USING DISASSEMBLED 1975 – 1977 280Z CARS AS A MODEL. ALL KITS WORK VERY WELL FOR ALL Z CARS SPECIFIED BUT MAY NOT HAVE EVERY BOLT FOR EVERY CAR. IF SOMETHING EXTRA IS NEEDED, WE WILL WORK WITH THE Z CAR OWNER UNTIL THEIR NEEDS ARE MET.

Z CAR CREATIONS KITS MAY BE PURCHASED ONLINE AT OUR EBAY STORE.
